In assessing your application, Premium Credit will perform credit and identity checks on you with one or more credit reference agencies ("CRAs"), as well as periodic searches at CRAs to manage your account with us. Premium Credit will supply your personal information to CRAs and they will provide information about you, including information about your financial situation and history. CRAs will supply to Premium Credit both public (including electoral register) and shared information about credit, financial situation, financial history and fraud prevention. When CRAs receive a search from us they will place a search footprint on your credit file that may be seen by other lenders.

Premium Credit will use this information to: assess your creditworthiness and whether you can afford the product; verify the accuracy of the data you provide; prevent criminal activity, fraud and money laundering; manage your account(s), trace and recover debts; and ensure other offers provided to you are appropriate. Premium Credit will continue to exchange information about you with CRAs while you have a relationship with them and inform CRAs about your settled accounts. If you borrow and don't repay on time, CRAs will record the outstanding debt. This information may be supplied to other organisations by CRAs.

The identities of the CRAs, their role as fraud prevention agencies, the data they hold, the ways in which they use and share personal information, data retention periods and your data protection rights with the CRAs are explained in more detail in the Credit Reference Agencies Information Notice (CRAIN) which can be found at:
